Subject: Remove the cease and desist order

To whom it may concern,

Please remove the cease and desist order for Uber in South Carolina. As a user taxi's and other alternative means of transportation in Charleston, there has NEVER been a company with as clean cars, more professional drivers and more competitive rates. I am fully confident in my safety with them.

Subject: Uber

We have used Uber in Columbia, Charleston, Charlotte, Nashville & Austin, TX on many occasions. Each ride was perfect, and totally superior to the taxi rides we had before Uber came into these cities. In each case the driver was great! Each one driving part time for different reasons.... One was needing extra money to pay for his wife's medical bills (cancer), one to help with his daughters wedding expenses, one a young man who had just moved into town & was driving to make ends meet until he could find full time employment, to name a few. In each case the cars were new & clean & safe unlike all of the old, beaten up, smelly taxis we rode in before Uber. This is all without even mentioning the fair prices Uber is charging compared to the over regulated taxis. It is so sad that the government in our state is AS USUAL stepping trying to regulate. We consumers want & deserve choices. Uber is a great service! Leave them alone! Please!

#SCNEEDSUBER

As a college student, I use Uber to get me home safely around Charleston. It is a great new technology that I trust and find easy to use. I feel safer in getting a ride from a certified driver and a certified car. Uber also makes it easy to know how much I am going to be paying for my ride. Uber is a new advancement in our society, and there is absolutely no reason to get rid of this amazing service.

Signed,

Madison Rocco

Subject: Concerned Uber Participate.

To Whom It May Concern,

It is a shame that Uber partners, drivers, and riders are suffering from a lack of leadership from both Uber, the State of South Carolina, the rich insurance companies, and the taxi cab industries NOT allow good honest consumers the right of choice. Is this a capitalist democracy or a OLIGARCH society in South Carolina.

I'm asking that PSC works closely with Uber to:

- PROVIDE INSURANCE MECHANISM TO PROTECT BOTH DRIVERS AND PASSENGERS WHILE THE DRIVERS ARE USING THE UBER APP.
- PSC AND UBER TO MAKE SURE THAT DRIVERS PERSONAL AUTO POLICIES ARE NOT DROPPED WHILE UBER DRIVERS ARE USING THE APP.
- PSC, UBER, AND SC LEGISLATIVE BRANCH TO MAKE ALL UBER DRIVER'S PERSONAL AUTO INSURANCE COMPANIES NOT DROP ANY UBER DRIVER'S INSURANCE WHEN THE DRIVER IS NOT USING UBER AND IS USING THEIR VEHICLES FOR PERSONAL USES. I.E. If uber patner/drivers went to buy groceries or visit a friend not using the app gets in a

accident. If it was determined that policy holder was not using uber, claim and insurance not be denied nor dropped.

- PSC AND UBER TO ALLOW DRIVERS AND PARTNERS TO BUY THEIR OWN COMMERCIAL AUTO INSURANCE WHILE WORKING FOR UBER!!!! Currently, Uber insurance policies is a backup policy that comes in affect when a driver's insurance policy denies or drops a

claim. **DOES THAT SEEMS FAIR FOR UBER DRIVERS!!!!**

To summarize my main concern. As a driver, I want to be covered by a primary insurance policy that would give me the rested assurance while operating with Uber. If Uber cannot provide this, allow me as a tax paying consumer to BUY commercial insurance PSC!!!! Don't take that right from me!!!!

Please UBER and PSC, State of South Carolina, please work this thing out like adults. Each side should be willing to comprise some things to allow Uber which is a fantastic company and service.
